

Vodafone Global Infrastructure Map

About Vodafone

everyone.connected

Vodafone is a leading European and African telecoms company. We serve over 355 million mobile and broadband customers, operating networks in 15 countries with investments in a further five and partners in over 40 more. Our undersea cables transport around a sixth of the world's internet traffic, and we are developing a new direct-to-mobile satellite communications service to connect areas without coverage. Vodafone runs one of the world's largest IoT platforms, with over 215 million IoT connections, and we provide financial services to around 92 million customers across seven African countries – enabling more transactions than any other provider.

From the seabed to the stars, Vodafone's mission is to keep everyone connected.

For more information, please visit www.vodafone.com follow us on X at [@VodafoneGroup](https://twitter.com/VodafoneGroup) or connect with us on LinkedIn at www.linkedin.com/company/vodafone.

Please note: the Vodafone infrastructure is constantly growing, therefore absolute accuracy cannot be guaranteed. For more information, please contact your Account Manager or send us a Contact request here: [Vodafone Carrier Services](#)
